PROFESSIONAL SUMMARY

Results-driven Data Analyst with experience in sales analytics, marketing performance reporting, and multi-channel ROI/ROAS tracking for international organizations. Skilled in transforming data into actionable insights, building dashboards, and designing automation workflows to improve efficiency and data accuracy. Experienced with Fabric systems, marketing platforms, and cross-functional reporting for strategic decision-making.

CORE COMPETENCIES

- Sales & Marketing Data Analysis
- Dashboard Development & KPI Tracking
- Marketing Campaign Analysis & Reporting
- ROI & ROAS Performance Analysis
- Fabric & Multi-Platform Data Integration
- Marketing Attribution & Reporting
- Python & FastAPI
- Power BI, Streamlit & Data Visualization
- SQL & Advanced Excel

PROFESSIONAL EXPERIENCE

Data & Reporting Analyst

MTI DHQ Hospital, D.I. Khan | March 2025 – March 2026

- **Data Aggregation from Sources:** Consolidated daily patient data from manual hospital registers, slip systems, or digital health management systems into a centralized database.
- **Dashboard Development:** Built performance dashboards (using tools like Power BI or Excel) to help the NGO Project Manager monitor daily operations and resource allocation.
- **Trend Analysis:** Analyzed seasonal spikes in specific diseases (e.g., waterborne diseases or typhoid in DI Khan) to help the NGO pre-position medical supplies.
- **Patient Volume & Demographics:** Total patients served daily/weekly/monthly, broken down by age, gender, and tehsils/union councils (to see where patients are traveling from).
- **Stock & Inventory Turnaround:** Tracking the supply chain of NGO-provided medicines or surgical kits to ensure zero stock-outs.

Power BI Developer

Foresight BI (remote) | Feb 2025 – April 2025

- Analyzed complex datasets to support internal reporting and generate actionable business insights.
- Prepared MIS and performance reports to streamline operational monitoring.
- Ensured data accuracy and integrity through rigorous cleaning, validation, and structuring.
- Ensured data integrity and structured raw datasets for efficient downstream analysis.

Power BI Virtual Training

Smart Bridge Pvt Ltd | September 2024 – November 2024

- Built and deployed dynamic Power BI dashboards, translating complex datasets into clear, visual business insights.
- Explored AI-driven capabilities within Power BI, Q&A natural language, smart narratives, and automated insights.
- Acquired practical experience in semantic modeling, row-level security (RLS), and data refresh configurations.

Data Scientist Intern

Sapience Edu Connect Pvt Ltd (Remote) | June 2024 – July 2024

- Analyzed large datasets to identify hidden trends and build baseline predictive models.
- Participated heavily in complex data preprocessing, cleaning, and visualization tasks.
- Supported the core team in extracting actionable insights for client deliverables.

SELECTED PROJECTS

ROI/ROAS Tracking Dashboard (Power BI, Fabric)

- Developed a dynamic business intelligence dashboard to visualize daily sales, marketing attribution, and cross-channel campaign performance.

Automated Loan Approval Engine (API Integration)

- Designed an automation workflow utilizing AI/ML to instantly Take response from Loan Applicant and Perform real time Predication and send response to user through SMTP Google API.

Custom LLM Business Chatbot (Python, OpenAI API)

- Architected an AI assistant trained on proprietary company knowledge bases to provide instant 24/7 customer support and reduce ticket resolution times.

EDUCATION

Bachelor of Science in Computer Science	2026
Gomal University CGPA: 3.75 / 4.00	
Intermediate (ICS)	2022
Government College No 2 Marks: 955 / 1100 (86.82%)	
Matriculation	2020
G.C.M.H.S No 1 Marks: 865 / 1100 (78.64%)	

TECHNICAL SKILLS, CERTIFICATIONS & LANGUAGES

Technical Skills:

- MS Excel (Advanced Reporting)
- Power BI Services
- Python (Data Analysis)
- SQL (Basic Data Extraction)
- Campaign & Marketing Analytics
- Data Modeling

Certifications:

- **Microsoft Certified:** Power BI Data Analyst Associate (**PL-300**)
- **Data camp Certified:** SQL Associate

Languages:

- English
- Urdu
- Saraiki
